Shalom to my friends,

An elderly Holocaust survivor friend, Frieda, sent me this. As you know, most Senators and Congressmen have not had time to studiously examine the 1,400 pages of the Health Care Bill. This doctor is greatly concerned. Please read and send on. Senior citizens' care will forever be changed if this dangerous bill is passed.

Subject: Fw: An Indianapolis Doctor's Letter to Sen. Bayh about the Healthcare Bill (of great concern) ?

the heading here below say it all! Frieda

A friend of hers, Wayne, is unable to verify if all of this is true that the doctor has sent to his Senator.

)

Frieda writes,

THIS IS TOOOOO SCARY TO READ. IS THIS REALLY AMERICA????? THIS IS WORTH PRINTING AND SHARING WITH ALL YOUR FRIENDS.

I don't live in Indiana but I think that the information is important for all of us.

Great information for you (UNLESS) you think you will never need healthcare).

> As a practicing physician I have major concerns with the healthcare bill before Congress. I actually have read the bill and am shocked by the brazenness of the government 's proposed involvement in the patient physician relationship. The very idea that the government will dictate and ration patient care is dangerous and certainly not helpful in designing a healthcare system that works for all. Every physician I work with agrees that we need to fix our healthcare system, but the proposed bills currently making their way through congress will be a disaster if passed.

> I ask you respectfully and as a patriotic American to look at the following troubling lines that I have read in the bill. You cannot possibly believe that these proposals are in the best interests of the country and our fellow citizens.
