"Richard Hayes Phillips worked day and night for three years compiling
irrefutable evidence of how the Republicans stole the 2004 presidential
race in Ohio. This landmark investigation is a testament to what private
citizens can accomplish when government officials fail to protect our right
to vote and to count those votes as cast.

Richard Hayes Phillips

Every American – Republican and Democrat – should read this book, and join the fight for democracy's
most fundamental right."-- Robert F. Kennedy, Jr.
